

The MUTCD Complete Digital Editions are the first complete sign design and reference software developed for the American commercial and public markets which incorporate the entire MUTCD sign and symbol library and provides the user with the necessary tools to customize their own signs or modify existing signs while conforming to the Federally mandated MUTCD specifications. The MUTCD EPS Complete Digital Edition Features:

- Over 2,900 signs, symbols & blank templates
- Signs included for each MUTCD size category
- Includes enhanced & expanded FHWA 2000EX Expanded Edition Fonts
- Compliant with Federal MUTCD SHS
- All signs available in precise EPS vector format
- Available Adobe Illustrator Symbol Libraries
- Designed for use with Flexi, Gerber Omega, Adobe Illustrator, FreeHand, CorelDRAW!, and SignLab
